

# Four Counties (Final)

By Yeovilrig

## Introduction

Four Counties is a semi real route, real in the terms that a large proportion of the featured railway infrastructure is still in place today, semi - real because I have included many items of railway infrastructure that Dr Beeching took away in the mid 1960's .

So in a time span of 1978 - present day, you will see the famous Yeovil Triangle, The now sadly removed Yeovil Town to Taunton branch, along with re-doubling of the Honiton to Gillingham and Castle Cary to Weymouth.
