Installation

These scenarios are packaged in the same ".rwp" file. Install it through Train Simulator 2019 package manager that you will find in your railworks folder (Utilities.exe).

Installation of route patch

To be able to play the scenarios of this pack, you have to replace some of the original route files. Simply copy the content of the "Route Patch" folder included in this package to your "Content" folder in your railworks directory.

This patch:

- settles all track rules to GEML track rules
- fixes the TPWS grids and signals links
- adds 'active' platforms (passengers) in many stations
- corrects the top speeds (50 mph for DMU and 30 mph for the others)
- adds lamps in some stations
- adds a hidden signal in Penryn to allow crossing trains

File history

Version 1.1: Text correction.

Thanks

I'd like to thank all route and rolling stock/reskin creators.

Thanks to:

- Ralf Kroneberg for the German translations.
